The election returns from the several counties of Jefferson, Pulaski, Massac and Marien, shew that the Caseys have made Marien, shew that the Caseys have made a sort of family affair of the next Hilinois Legislature. To begin with, we have that rugged, old-fashioned, Major Sam Casey, who holds over as State Senator from the Third district. Next comes his young brother, Dr. N. R. Casey, as Representative from Fulaski and Massac—an equally sterling Democrat, and excellent gentleman. Then we have Col. Tom Casey, a still younger brother, the genial, jovial and brilliant Democratic Representative elect from etausch old Jefferson county. And lastly in order, turns up Capt. Sam Dwight, a nephew of the gentleman named, as the intelligent young Democratic ed, as the intelligent young Democratic Representative from Marion. Old Zadoc Casey, of such pleasant memory, did a tre-mendous work in his time, in the way of populating this State with Democrats, and it may be that when the Legislative roll is called in Springfield this winter an additional dozen or two of the tribe will put in an appearance as senators or representatives .- Centralin Democrat.

The Senatordhip

From the Quincy Whig (Radica)) Gov. Oglesby and Gen. Logan have canvassed this state as candidates for the United States Senate. It many instances, it is believed, through their instrumentality and at their request, candidates for the Logislature have been instructed by the Convention to cast their votes, if elected, for one or the other of these gentlemen. Such a course is unbecoming a candidate for so high a position, and is not the way that Senators should be made Let the Legislature cast them both overboard and select a senator from among those of more modesty and greater worth Among those who have been mentioned. we notice the name of Charles B. Lawrence. a former resident of this city, and now Chief-Justice of Illinois. He would do onor to the people and to the State. Gov. Palmeris also mentioned. Either of them would be far perferable to Logan or Ogles-

The fidelity of Secretary Cox to the Republican party, and his great interest in its success, together with the regard he really held for his clerks, may be inferred from the fact that he forbade them to go home to vote, except upon pain of los-ing their salaries during their absence.-

Rochester Democrat.
The time allotted to each clork to go The time allotted to each clork to go home to vote is ten days; estimating the average salary of the clerks at \$1,800 per year each vote is \$50, Is it legitimate to tax the whole people to pay \$50 per vote for the candidates of either party? If it be honest to take money out of the Treasury to pay \$50 each for the votes of the clerks, why not equally honest to take the same amount to pay for other votes. Secretary Cox was right. It is no part of the duty of the government to pay for votes, whether of its own employes or others. - Chicago

He refers to the entire Western and Southwestern country to bear him testimony to the truth of the according, that in he case whatever will it full focure, if the directions are strictly indiances and cried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usuafly, this medicine will not require any aid to keep the towels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single doze of Stall's Vegetable Family Filts will be sufficient.
